

TUES 11TH DEC 6-9PM LIVERPOOL INTRODUCTION TO ENT COURSE

Evening of short lectures and practical workshops covering emergencies of ENT

Wondering how you'll cope with your first ENT emergency on call? Want to know a little more about common ENT problems?

Join us for an evening of lectures and hands on practical workshops covering common ENT presentations and emergencies, from current ENT trainees. Learn how to manage blocked tracheostomies, pack a bleeding nose, drain a quinsy and perform flexible nasoendoscopy. Open to all trainee levels.

Email queries or dietary requirements to: liverpoolentcourse@gmail.com

Topics include:

- Tonsillitis + quinsy
- Nasal trauma + epistaxis
- Otitis externa/otitis media/mastoiditis
- Post tonsillectomy haemorrhage
- Facial palsy
- Airway emergencies
- Periorbital cellulitis

Practical Stations:

- Nasal cautery + packing
- Drainage of quinsy
- Flexible nasendoscopy
- Otoscopy + foreign body removal
- Tracheostomy management
